Forecast For East of England
Issued by Met Office Exeter
at 0400 on Thursday 25 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Thursday, cloud and outbreaks of rain clearing east later.

Today:
Cloudy with some outbreaks of rain slowly crossing the region from the west through the day, eventually clearing the coast by evening. Mostly dry conditions and clearer skies following from the west. Maximum temperature 13 deg C (55 deg F).

Tonight:
Dry with long clear spells developing and with winds generally light, a touch of frost is likely in some sheltered spots. Minimum temperature 0 deg C (32 deg F).

Friday:
Some patchy afternoon cloud may develop, otherwise generally fine and dry with long spells of sunshine. Light winds. Maximum temperature 12 deg C (54 deg F).

Outlook for Saturday to Monday:
Largely dry with sunny spells, although probably a little more in the way of cloud than on Friday. Overnight mist/fog patches likely, and perhaps some coastal mist later.
